

HY030A

HY030/ HY030A Fire Ant Unmanned Vehicle

General-purpose all-terrain unmanned platform with dual-side driving for anti-rollover capability. Dual-motor driven, featuring light weight, high speed and strong passability.

Applicable for large vehicle damage, firepoint elimination, large-area smoke release, and combat training as target vehicle.

TECHNICAL SPECIFICATIONS

HY030	Non-video
HY030A	With video transmission
Dimensions	630×545×230 mm
Speed	0-10 km/h
Weight	32 kg
Payload Capacity	30 kg
Ground Clearance	50 mm
Motor Power	2×350 W
Maximum Gradeability	30°
System Voltage	24 VDC
Battery Capacity	20 Ah
Endurance	1.5 h
Remote Control Range	300 m (line-of-sight)
Video Transmission Range	300 m (line-of-sight)
